

# Slimline Enclosures

## Australian Designed and Made

Having a custom Australian Made product designed for the job makes the design and installation of your system easy.

## Suitable for Outdoors

Our Slimline enclosures range from IP54 - IP66, ensuring that your outdoor installation will stay safe and out of the elements. They have a shallow profile making it easy to position them without encroaching on space.

# Slimline Enclosures

PEW3  
PEW4  
PEF6W  
PEF9W  
PEF12

Designed to store, protect and expand with your growing storage needs.

## Suits Battery Expansion

As needs or budget allow, it is easy to add another battery to the system. Plugging a new battery in and altering a few settings on your inverter is all that is needed.

PEW3 & PEW4

Slimline design allows it to be slotted into the narrowest of places.

PEW9

## Range of Cabinet Sizes

Capacity from 3 to 9 batteries, and with the ability to parallel multiple cabinets, there really is a solution for all applications.

## Pre-wired

To allow minimal fuss all our cabinets come pre-wired ready to go, the easiest part of the job will be installing the batteries.
