THE LEADER IN THE INDUSTRY

About Us

Welling & Crossley (W&C) began in 1926 as a manufacturer and supplier of cranes, hoists and winches to the Australian Armed Forces.

In 1967, W&C penetrated the power generation industry supplying small to medium gensets, automatic mains failure control systems and parallel power station installations, as well as importing alternators from Europe.

Fastforward 90 plus years from establishment, W&C import, manufacture, distribute and service a range of diesel engines, diesel and petrol generators and fire control systems.

W&C's head office and manufacturing facility is in Brooklyn, Melbourne and there are branch offices in Sydney, Brisbane, Townsville, Perth and Adelaide.

W&C has a service division in all its branches.

A full range of spares are available at our Melbourne branch. W&C also offers a 24 hour call out service and scheduled maintenance works.

W&C covers all industry sectors

- + Commercial
- + Industrial
- + Government
- + Agricultural
- + Mining

Product Range

- + Diesel generators 6kVA - 860kVA
- + Petrol generators 1kVA - 16kVA
- + Tractor PTO generators 50kVA - 100kVA
- + Mine spec generators
- + Diesel engines
- + Fire control panels and accessories
- + Lister Petter engines and spares

QUALITY DIESEL GENERATORS

POWERED BY

Cummins engines offer extreme reliability and heavy-duty performance. Ranging from **63kVA - 170kVA**, these diesel units are ideal for prime or standby applications. All units come with fully enclosed canopies as standard. This reduces noise and protects the unit from the elements. W&C performs full load tests and these units are delivered ready to operate.

W&C has represented Doosan (formally Daewoo) in Australia for over 18 years. Doosan manufacture a very robust and reliable range of diesel engines and 100's have been sold and maintained in Australia.

POWERED BY

The W&C range of Kubota powered generators includes single and three phase units **9kVA - 40kVA**. These units give exceptional performance and value, making them popular for domestic and business backup. Acoustic canopy comes as standard.

Why buy from Welling & Crossley?

- Australian owned & operated since 1926
- Offices Australia Wide:
VIC, NSW, QLD, Nth QLD, WA, SA
- Only reputable brands used
- Service & Spare parts division
- Quality customer service & care
- Full factory warranty backup support
- We employ expert engineers, electricians & mechanics who can custom design and build your generator to your requirements
- Compliant to Australian Standards
- Fast delivery
- Competitive pricing
