

# Receive a \$750 Rebate for Your Powerwall

T E S L A  
POWERWALL  
CERTIFIED INSTALLER

Customers who install and register their Powerwall(s) between 11 August 2023, and 31 December 2023, will receive a \$750 rebate for each Powerwall. You can install a single Powerwall or multiple Powerwalls. After your Powerwall(s) have been installed, connected to the internet, and registered, you can submit your rebate request in the Tesla app. Once confirmed, Tesla will transfer the funds of your eligible rebate to your nominated bank account.

## Eligibility

To be eligible for this offer, you must:

- Install Powerwall(s) between 11 August 2023, and 31 December 2023
- Have ordered Powerwall(s) from Tesla Certified Installers
- Connect your Powerwall(s) to the Internet and register your Powerwall(s)
- Submit your rebate request in the Tesla app

## Frequently Asked Questions

- **How can I earn and claim the \$750 rebate?**  
Install Powerwall(s) between 11 August 2023, and 31 December 2023. Once your Powerwall(s) are registered with Tesla and connected to the Internet, starting in November, claim the rebate in the Tesla app. From the energy system home screen, select 'Support' > 'Powerwall Rebate.' You will need to provide and confirm details related to the order and installation for Tesla to process the transfer.
- **When can I submit my request for the rebate? How long do I have to claim the rebate?**  
Starting in November 2023, qualifying customers can submit the request for the rebate in the Tesla app. Requests for rebates must be completed by 31 January 2024.
- **Who needs to provide the information in the Tesla app for the rebate?**  
Customers eligible for the rebate will need to provide and confirm specific details related to the order and installation such as installation address.
- **How long after submitting the request in the Tesla app will I receive the rebate?**  
Once you have submitted your request in the Tesla app, the rebate will be processed and sent within 60 days.
- **I recently had my Powerwall(s) installed. Can I qualify for the rebate?**  
The rebate is only available for customers who installed and registered Powerwall(s) between 11 August 2023, and 31 December 2023.
- **What happens if my installation is delayed and scheduled for installation after 31 December 2023? What happens if installation is complete by 31 December 2023, but my Powerwall is not registered and connected to the Internet by then?**  
Changes to your installation date will impact your eligibility for the rebate. Installations that occur after 31 December 2023, will not qualify for the rebate. Your Powerwall(s) will need to be registered and connected to the Internet by 31 December 2023, to qualify for the rebate.
- **Can this rebate be combined with other offers and incentives?**  
Yes. You can use this offer along with other incentives and offers.
